

Keith H. Holman

Professional Summary

1980 – 2012: Director of Emergency Management, Martin County Fl.

The Northern portion of Martin County is within the 10-mile Emergency Planning Zone (EPZ) of the St. Lucie Nuclear Power Plant all of Martin County is within the ingestion pathway. Martin County has partnered with the Federal Emergency Management Agency, St. Lucie County, State of Florida DEM, Florida Power and Light, and many local and state agencies in exercises every year since 1980.

During these exercises, my responsibilities as Director involve risk county Emergency Operation Center (EOC) coordination and management, protective action recommendation, decision making, and implementation for both the general public and special population groups; alert and notification and public information, implementation of emergency worker exposure control criteria, ingestion pathway protective action recommendations and decisions.

During my career as Director, Martin County has received eight Presidential Disaster Declarations due to weather events. Of note is the impact of two hurricanes within three weeks during the 2004 hurricane season, Frances and Jeanne and again by hurricane Wilma in 2005. Due to the excellent team work of all county agencies I was awarded the 2004 Florida Emergency Preparedness Manager of the Year presented by the Governor and the Cabinet of the state of Florida selected by Florida Emergency Preparedness Association (FEPA) and Florida Fire Chiefs Association. During the 2005 National Hurricane Conference held in New Orleans I was awarded the Distinguished Service Award for the fine job of Martin County staff and for outstanding leadership in response to hurricanes Frances and Jeanne.

Since my retirement in 2012 I have been contracted by several agencies including Witt Obrien, Calvin Giordano, Hinnant Solutions, PODS, NTB and Martin Memorial Hospital. I have taken part in many exercises and have provided numerous ICS classes 100, 200,300,400 and many position specifics classes such as Operations Section Chief, Logistics Section Chief, Administration/Finance Section Chief, Liaison Officer and many unit leader classes. I have provided many emergency management classes to the British Overseas Territories in the Caribbean. I have also provided Emergency Management Classes, Incident Command Classes, Exercise Evaluation, and Plan Review for the Government of Trinidad and Tobago and private companies in Trinidad under contract to PODS.

SPECIALIZED TRAINING

- Liaison Officer Train the Trainer, 2010
